WINDERMERES COMANCHERO	REG # 320980 Call for pricing	\$	
WINDERMERE'S NORTH AMERICAN MAID - MOOSE	Frozen semen Call for pricing	\$	
WINDERMERE'S KING CONG	Frozen semen Call for pricing	\$	

STANDARD BREEDING PLAN: The breeding fee is due prior to the semen being shipped. Our breeding season is from Jan 31 through June 1.

We guarantee viable semen! We will breed your mare as many times as required during the season. A \$150 fee will be added for the second and each additional shipment for each mare. There is no "Live Foal Guarantee" with this plan.

STALLION EXCHANGE: In the event that the stallion dies before your mare is pregnant, we will fulfill the obligation in the contract with a stallion of equal value standing on our farm.

BOARD: The \$35/day covers feed, stall space, bedding and handling. Mares that stay for more than a few days will be turned out on lots or pasture, possibly with other horses depending on space and other considerations.

VETERINARIAN CHARGES: We will provide veterinary care, including follicular development and pregnancy checks according to our discretion at the expense of the mare owner.

HANDLING AND SHIPPING CHARGES: For shipped semen we charge a handling fee for each shipment. The shipping fee depends on the carrier chosen and the destination. We ask that you obtain a FedEx account number by calling 1-800-GOFEDEX.

RETURN OF SHIPPING CONTAINERS: We ask that you promptly return the shipping container after your mare has been bred. The complete Certificate of Insemination **MUST** be returned with your container. Your return of the shipping container will enable us to continue shipping to you and others without a container deposit. Additional shipments will not be made to a customer until the previous container has been returned. Containers not returned by July 30th will be charged a \$100 fee per container.

ORDERING REQUIREMENTS: Customers must call to order semen by 10 P.M. of the evening prior to the day the semen is requested to be shipped. If the phone call is not received before this deadline, the shipment cannot be made until the second day. The stallions are collected Monday through Friday for shipment. When the order is placed, the name and registration number of the mare being serviced must be stated before the semen will be shipped.

Mare Owner:

The above signed agrees with the terms as specified above.

Mares Name:

Please include a copy of the mare(s) registration papers

ATTENTION: Due to the World Percheron Congress taking place early in the show season, from July 6, our breeding shed will be closed for the 2026 breeding season on Friday, May 29, 2026.
